Dear Parents,

On Friday 20<sup>th</sup> September we will be raising money for Jeans for Gene's day, helping the 500,000 children living with a genetic disorder in the UK. Individually, genetic disorders are rare but together they affect 1 in 25 children born in the UK – that's more than 30,000 babies each year.

We are asking that each family donates £1 and each child comes dressed in an item of denim. This could be a coat, hair clip or jeans which should be worn with the rest of their uniform. Please do not buy something new, this is to simply show awareness of the children's charity, if your child does not have anything denim they can simply donate and know they have helped other children in our country.

The money raised on Jeans for Genes Day funds a range of initiatives that improve the quality of life of children affected by genetic disorders.

Thank you for your continued support,

Mrs Claro
