## Head lice

Dear Parent/carer

We have had a few cases of head lice reported recently. Could I please ask you to check your child's hair and if necessary treat. Unfortunately head lice can affect the whole family.

You are very welcome to pick up a free detector comb and how to treat leaflet from the school office. Also, if needed advice is available from your chemist and school nurse.

Medication can be obtained at some local Chemist's for free under (Care in the Chemist) for children registered with a South Sefton Doctor.

I am aware that previous communications have been sent out in relation to this matter but I must appeal again to **all** families to ensure that they have taken appropriate action. Usually, these situations are overcome with everybody's co-operation and we do not need to refer the matter to the school nurse. If you have any difficulties or queries about an appropriate treatment our school nurse can be contacted on 0151 247 6354.

Many thanks again.

Yours sincerely

Mr K.A. Loftus
