14th October 2020

Dear Parents,

NURSERY PARENTS COLLECTION OF CHILDREN

We were approached early on in the re-opening of schools in September regarding some flexibility for a slightly earlier collection of nursery children. This was because some parents had a long period of waiting from their other children's collection at 2.40pm, for example. This was not possible or practical at the time. However, with the weather changing we can now allow some flexibility

The Nursery class **only** will hand over children to parents from an earlier window of 3.00pm if this helps you but they will continue their normal provision hours to 3.15pm for those who do not require an earlier collection

This arrangement **only** applies to Nursery class and there are no other plans to make any other amendments to other year groups.

I hope this confirmation will be beneficial to all concerned.

Yours sincerely

Kieran A Loftus Headteacher
